The Honorable Judge Alan D. Albright
United States District Court for the Western District of Texas
800 Franklin Avenue, Room 301
Waco, TX 76701

Re: *Network System Technologies, LLC v. Qualcomm Inc. et al.*, 1:22-cv-1331-ADA

Dear Judge Albright,

We represent the Qualcomm defendants in the above-referenced matter. We write to update the Court regarding the status of U.S. Pat. No. 8,072,893 (“the ’2893 patent”) pursuant to the Court’s Order staying the case while it resolves the outstanding issues for that patent and the ’818 patent. Dkt. 434 at 3-4.

Qualcomm received NST’s supplemental contentions for the ’2893 patent on September 5, 2025. Yesterday, Qualcomm sent NST a letter identifying a number of deficiencies in NST’s supplemental contentions, as well as at least one new claim construction issue resulting from NST’s supplemental contentions. Qualcomm intends to bring these issues to the Court’s attention once the meet and confer process is complete. If the Court would like any additional information in the meantime, Qualcomm would be happy to provide it.

Qualcomm appreciates the Court’s attention to this matter.

Respectfully,

/s/ Joseph W. Winkels
